SEC. 350. (a) Congress makes the following findings:

(1) Section 345 of the National Highway System Designation Act of 1995 authorizes limited relief to drivers of certain types of commercial motor vehicles from certain restrictions on maximum driving time and on-duty time.

(2) Subsection (c) of that section requires the Secretary of Transportation to determine by rulemaking proceedings that the exemptions granted are not in the public interest and adversely affect the safety of commercial motor vehicles.

(3) Subsection (d) of that section requires the Secretary of Transportation to monitor the safety performance of drivers of commercial motor vehicles who are subject to an exemption under section 345 and report to Congress prior to the rulemaking proceedings.

(b) It is the sense of Congress that the Secretary of Transportation should not take any action that would diminish or revoke any exemption in effect on the date of the enactment of this Act for drivers of vehicles under section 345 of the National Highway System Designation Act of 1995 (Public Law 104-59; 109 Stat. 613; 49 U.S.C. 31136 note) unless the requirements of subsections (c) and (d) of such section are satisfied.

SEC. 343. SAFETY OF CROSS-BORDER TRUCKING BETWEEN UNITED STATES AND MEXICO.

No funds limited or appropriated in this Act may be obligated or expended for the review or processing of an application by a Mexican motor carrier for authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border until—

(1) the Federal Motor Carrier Safety Administration—

(A)(i) requires a safety review of the carrier before granting conditional and, again, before granting permanent authority to any such carrier;

(ii) requires that such safety review shall, at a minimum, include the verification of available safety performance data necessary to determine the carrier's preparedness to comply with United States motor carrier safety rules and regulations;

(B) requires that any such safety compliance review should take place onsite at the Mexican motor carrier's facilities where such onsite review is necessary to ensure compliance with United States motor carrier safety rules and regulations;

(C) requires a policy whereby Federal and State inspectors randomly verify electronically the status and validity of the license of drivers of Mexican motor carrier commercial vehicles crossing the border;

(D) gives a distinctive Department of Transportation number to each Mexican

motor carrier operating beyond the commercial zone to assist inspectors in enforcing motor carrier safety regulations including hours-of-service rules under part 395 of title 49, Code of Federal Regulations;

(E) requires—

(i) inspections of all commercial vehicles of Mexican motor carriers authorized, or seeking authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border that do not display a valid Commercial Vehicle Safety Alliance in accordance with the requirements for a Level I inspection under the criteria of the North American Standard Inspection (as defined in section 350.105 of title 49, Code of Federal Regulations), including examination of the driver, vehicle exterior and vehicle under-carriage, and

(ii) a Commercial Vehicle Safety Alliance decal to be affixed to each such commercial vehicle upon completion of the inspection required by clause (i) or a re-inspection if the vehicle has met the criteria for the Level I inspection when no component parts were hidden from view and no evidence of a defect was present, and

(iii) that any such decal, when affixed, expire at the end of a period of not more than 90 days, but nothing in this paragraph shall be construed to preclude the Administration from requiring re-inspection of a vehicle bearing a valid inspection decal or from requiring that such a decal be removed when it is determined that such vehicle has a safety violation subsequent to the inspection for which the decal was granted;

(F) requires State inspectors who detect violations of Federal motor carrier safety laws or regulations to enforce them or notify Federal authorities of such violations;

(G) initiates a study to determine whether (i) to equip significant United States-Mexico border crossings with Weigh-In-Motion (WIM) systems as well as fixed scales suitable for enforcement action and (ii) to require that inspectors verify by either means the weight of each commercial vehicle entering the United States at such a crossing;

(H) the Federal Motor Carrier Safety Administration has implemented a policy to ensure that no Mexican motor carrier will be granted authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border unless that carrier provides proof of valid insurance with an insurance company licensed in the United States; and

(I) publishes in final form regulations or issues policies—

(i) under section 210(b) of the Motor Carrier Safety Improvement Act of 1999 (49 U.S.C. 31144 nt.) that establish minimum requirements for motor carriers, including foreign motor carriers, to ensure they are knowledgeable about Federal safety standards, that include the administration of a proficiency examination;

(ii) under section 31148 of title 49, United States Code, that implement measures to improve training and provide for the certification of motor carrier safety auditors;

(iii) under sections 218(a) and (b) of that Act (49 U.S.C. 31133 nt.) establishing standards for the determination of the appropriate number of Federal and State motor carrier inspectors for the United States-Mexico border;

(iv) under section 219(d) of that Act (49 U.S.C. 14901 nt.) that prohibit foreign motor carriers from leasing vehicles to another carrier to transport products to the United States while the lessor is subject to a suspension, restriction, or limitation on its right to operate in the United States;

(v) under section 219(a) of that Act (49 U.S.C. 14901 ni.) that prohibit foreign motor carriers from operating in the United States

that is found to have operated illegally in the United States; and

(vi) under which a commercial vehicle operated by a Mexican motor carrier may not enter the United States at a border crossing unless an inspector is on duty or transmits to the Congress within 30 days of the date of enactment of this Act, a notice in writing that it will not be able to complete such rulemaking or issue such policy, that explains why it will not be able to complete such rulemaking or policy, and the date by which it expects to complete such rulemaking or policy; and

(2) the Department of Transportation Inspector General reports in writing to the Secretary of Transportation and the Congress that he will periodically report on—

(A) all new inspector positions funded under this Act have been filled and the inspectors have been fully trained;

(B) each inspector conducting on-site safety compliance reviews in Mexico consistent with the safety fitness evaluation procedures set forth in part 385 of title 49, Code of Federal Regulations, is fully trained as a safety specialist;

(C) the requirement of subparagraph (B) has not been met by transferring experienced inspectors from other parts of the United States to the United States-Mexico border, undermining the level of inspection coverage and safety elsewhere in the United States;

(D) the Federal Motor Carrier Safety Administration has implemented a policy to ensure compliance with hours-of-service rules under part 395 of title 49, Code of Federal Regulations, by Mexican motor carriers seeking authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border;

(E) there is adequate capacity at each United States-Mexico border crossing used by Mexican motor carrier commercial vehicles to conduct a sufficient number of meaningful vehicle safety inspections and to accommodate vehicles placed out-of-service as a result of said inspections;

For purposes of this section, the term "Mexican motor carrier" shall be defined as a Mexico-domiciled motor carrier operating beyond United States municipalities and commercial zones on the United States-Mexico border.

SEC. 343. SAFETY OF CROSS-BORDER TRUCKING BETWEEN UNITED STATES AND MEXICO.—No funds limited or appropriated by this Act may be obligated or expended for the review or processing of an application by a motor carrier for authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border until—

(1) the Federal Motor Carrier Safety Administration—

(A)(i) requires a safety review of such motor carrier to be performed before the carrier is granted conditional operating authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border, and before the carrier is granted permanent operating authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border;

(ii) requires the safety review to include verification of available performance data and safety management programs, including drug and alcohol testing, drivers' qualifications, drivers' hours-of-service records, records of periodic vehicle inspections, insurance, and other information necessary to determine the carrier's preparedness to comply with Federal motor carrier safety rules and regulations; and

(iii) requires that every commercial vehicle operating beyond United States municipalities and commercial zones on the United States-Mexico border, that is operated by a motor carrier authorized to operate beyond those municipalities and zones, display a valid Commercial Vehicle Safety Alliance decal obtained as a result of a Level I North American Standard Inspection, or a Level V Vehicle-Only Inspection, whenever that vehicle is operating beyond such municipalities and zones, and requires any such motor carrier operating a vehicle in violation of this requirement to pay a fine of up to \$10,000 for such violation;

(B) establishes a policy that any safety review of such a motor carrier should be conducted onsite at the motor carrier's facilities where warranted by safety considerations or the availability of safety performance data;

(C) requires Federal and State inspectors, in conjunction with a Level I North American Standard Inspection, to verify, electronically or otherwise, the license of each driver of such a motor carrier's commercial vehicle crossing the border, and institutes a policy for random electronic verification of the license of drivers of such motor carrier's commercial vehicles at United States-Mexico border crossings;

(D) gives a distinctive Department of Transportation number to each such motor carrier to assist inspectors in enforcing motor carrier safety regulations, including hours-of-service rules under part 395 of title 49, Code of Federal Regulations;

(E) requires State inspectors whose operations are funded in part or in whole by Federal funds to check for violations of Federal motor carrier safety laws and regulations, including those pertaining to operating authority and insurance;

(F) authorizes State inspectors who detect violations of Federal motor carrier safety laws or regulations to enforce such laws and regulations or to notify Federal authorities of such violations;

(G)(i) determines that there is a means of determining the weight of such motor carrier commercial vehicles at each crossing of the United States-Mexico border at which there is a sufficient number of such commercial vehicle crossings; and

(ii) initiates a study to determine which crossings should also be equipped with weigh-in-motion systems that would enable State inspectors to verify the weight of each such commercial vehicle entering the United States at such a crossing;

(H) has implemented a policy to ensure that no such motor carrier will be granted authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border unless that carrier provides proof of valid insurance with an insurance company licensed in the United States;

(I) issues a policy—

(i) requiring motor carrier safety inspectors to be on duty during all operating hours at all United States-Mexico border crossings used by commercial vehicles;

(ii) with respect to standards for the determination of the appropriate number of Federal and State motor carrier inspectors for the United States-Mexico border (under sections 218(a) and (b) of the Motor Carrier Safety Improvement Act of 1999 (49 U.S.C. 31133) nt.); and

(iii) with respect to prohibiting foreign motor carriers from operating in the United States that are found to have operated illegally in the United States (under section 219(a) of that Act (49 U.S.C. 14901 nt.)); and

(J) completes its rulemaking—

(i) to establish minimum requirements for motor carriers, including foreign motor carriers, to ensure they are knowledgeable about Federal safety standards (under section 210(b) of the Motor Carrier Safety Improvement Act of 1999 (49 U.S.C. 31144 nt.)),

(ii) to implement measures to improve training and provide for the certification of motor carrier safety auditors (under section 31148 of title 49, United States Code), and

(iii) to prohibit foreign motor carriers from leasing vehicles to another carrier to transport products to the United States while the lessor is subject to a suspension, restriction, or limitation on its right to operate in the United States (under section 219(d) of that Act (49 U.S.C. 14901 nt.)),

or transmits to the Congress, within 30 days after the date of enactment of this Act, a notice in writing that it will not be able to complete any such rulemaking, that explains why it will not be able to complete the rulemaking, and that states the date by which it expects to complete the rulemaking; and

(2) until the Department of Transportation Inspector General certifies in writing to the Secretary of Transportation and to the Senate Committee on Commerce, Science, and Transportation, the Senate Committee on Appropriations, the House of Representatives Committee on Transportation and Infrastructure, and the House of Representatives Committee on Appropriations that the Inspector General will report in writing to the Secretary and to each such Committee—

(A) on the number of Federal motor carrier safety inspectors hired, trained as safety specialists, and prepared to be on duty during hours of operation at the United States-Mexico border by January 1, 2002;

(B) periodically—

(i) on the adequacy of the number of Federal and State inspectors at the United States-Mexico border; and

(ii) as to whether the Federal Motor Carrier Safety Administration is ensuring compliance with hours-of-service rules under part 395 of title 49, Code of Federal Regulations, by such motor carriers;

(iii) as to whether United States and Mexican enforcement databases are sufficiently integrated and accessible to ensure that licenses, vehicle registrations, and insurance information can be verified at border crossings or by mobile enforcement units; and

(iv) as to whether there is adequate capacity at each United States-Mexico border crossing used by motor carrier commercial vehicles to conduct a sufficient number of vehicle safety inspections and to accommodate vehicles placed out-of-service as a result of the inspections.

In this section, the term "motor carrier" means a motor carrier domiciled in Mexico that seeks authority to operate beyond United States municipalities and commercial zones on the United States-Mexico border.

Provided, That notwithstanding any other provision of this section, and consistent with United States obligations under the North American Free Trade Agreement, nothing in this section shall be applied so as to discriminate against Mexico by imposing any requirements on a Mexican motor carrier that seeks to operate in the United States that do not exist with regard to United States and Canadian motor carriers, in recognition of the fact that the North American Free Trade Agreement is an agreement among three free and equal nations, each of which has recognized rights and obligations under that trade agreement.

At the appropriate place, insert the following:

SECTION 1. SHORT TITLE AND FINDINGS.

(a) This Title can be cited as the "Iraq Petroleum Import Restriction Act of 2001."

(b) FINDINGS.—Congress finds that—

(i) the government of the Republic of Iraq;

(A) has failed to comply with the terms of United Nations Security Council Resolution 687 regarding unconditional Iraqi acceptance of the destruction, removal, or rendering harmless, under international supervision, of all nuclear, chemical and biological weapons and all stocks of agents and all related subsystems and components and all research, development, support and manufacturing facilities, as well as all ballistic missiles with a range greater than 150 kilometers and related major parts, and repair and production facilities and has failed to allow United Nations inspectors access to sites used for the production or storage of weapons of mass destruction.

(B) routinely contravenes the terms and conditions of UNSC Resolution 661, authorizing the export of petroleum products from Iraq in exchange for food, medicine and other humanitarian products by conducting a routine and extensive program to sell such products outside of the channels established by UNSC Resolution 661 in exchange for military equipment and materials to be used in pursuit of its program to develop weapons of mass destruction in order to threaten the United States and its allies in the Persian Gulf and surrounding regions.

(C) has failed to adequately draw down upon the amounts received in the Escrow Account established by UNSC Resolution 986 to purchase food, medicine and other humanitarian products required by its citizens, resulting in massive humanitarian suffering by the Iraqi people.

(D) conducts a periodic and systematic campaign to harass and obstruct the enforcement of the United States and United Kingdom-enforced "No-Fly Zones" in effect in the Republic of Iraq.

(E) routinely manipulates the petroleum export production volumes permitted under UNSC Resolution 661 in order to create uncertainty in global energy markets, and therefore threatens the economic security of the United States.

(ii) further imports of petroleum products from the Republic of Iraq are inconsistent with the national security and foreign policy interests of the United States and should be eliminated until such time as they are not so inconsistent.

SEC. 2. PROHIBITION ON IRAQI-ORIGIN PETROLEUM IMPORTS.

The direct or indirect import from Iraq of Iraqi-origin petroleum and petroleum products is prohibited, notwithstanding an authorization by the Committee established by UNSC Resolution 661 or its designee, or any other order to the contrary.

SEC. 3. TERMINATION/PRESIDENTIAL CERTIFICATION.

This Act will remain in effect until such time as the President, after consultation with the relevant committees in Congress, certifies to the Congress that:

(a) the United States is not engaged in active military operations in enforcing "No-Fly Zones" in Iraq, supporting United Nations sanctions against Iraq, preventing the smuggling by of Iraqi-origin petroleum and petroleum products in violation of UNSC Resolution 986, complying with United Nations Security Council Resolution 687 by eliminating weapons of mass destruction, or otherwise preventing threatening action by Iraq against the United States or its allies; and

(b) resuming the importation of Iraqi-origin petroleum and petroleum products would not be inconsistent with the national security and foreign policy interests of the United States.

SEC. 4. HUMANITARIAN INTERESTS.

It is the sense of the Senate that the President should make all appropriate efforts to

ensure that the humanitarian needs of the Iraqi people are not negatively affected by this Act, and should encourage through public, private, domestic and international means the direct or indirect sale, donation or other transfer to appropriate non-governmental health and humanitarian organizations and individuals within Iraq of food, medicine and other humanitarian products.

SEC. 5. DEFINITIONS.

(a) "661 Committee." The term 661 Committee means the Security Council Committee established by UNSC Resolution 661, and persons acting for or on behalf of the Committee under its specific delegation of authority for the relevant matter or category of activity, including the overseers appointed by the UN Secretary-General to examine and approve agreements for purchases of petroleum and petroleum products from the Government of Iraq pursuant to UNSC Resolution 986.

(b) "UNSC Resolution 661." The term UNSC Resolution 661 means United Nations Security Council Resolution No. 661, adopted August 6, 1990, prohibiting certain transactions with respect to Iraq and Kuwait.

(c) "UNSC Resolution 986." The term UNSC Resolution 986 means United Nations Security Council Resolution 986, adopted April 14, 1995.

SEC. 6. EFFECTIVE DATE.

The prohibition on importation of Iraqi origin petroleum and petroleum products shall be effective 30 days after enactment of this Act.

SA 1155. Mr. BROWNBACK submitted an amendment intended to be proposed by him to the bill S. 723, to amend the Public Health Service Act to provide for human embryonic stem cell generation and research; which was referred to the Committee on Health, Education, Labor, and Pensions, as follows:

At the appropriate place, insert the following:

SEC. ____ . PROHIBITION ON HUMAN CLONING.

(a) **SHORT TITLE.**—This section may be cited as the "Human Cloning Prohibition Act of 2001".

(b) **FINDINGS.**—Congress finds that—

(1) some individuals have announced that they will attempt to clone human beings using the technique known as somatic cell nuclear transfer already used with limited success in cloning sheep and other animals;

(2) nearly all scientists agree that such attempts pose a massive risk of producing children who are stillborn, unhealthy, or severely disabled, and considered opinion is virtually unanimous that such attempts are therefore grossly irresponsible and unethical;

(3) efforts to create human beings by cloning mark a new and decisive step toward turning human reproduction into a manufacturing process in which children are made in laboratories to preordained specifications and, potentially, in multiple copies;

(4) creating cloned live-born human children (sometimes called "reproductive cloning") begins by creating cloned human embryos, a process which some also propose as a way to create embryos for research or as sources of cells and tissues for possible treatment of other humans;

(5) the prospect of creating new human life solely to be exploited and destroyed in this way has been condemned on moral grounds by many, as displaying a profound disrespect for life, and recent scientific advances indicate that there are fruitful and morally unproblematic alternatives to this approach;

(6)(A) it will be nearly impossible to ban attempts at "reproductive cloning" once

cloned human embryos are available in the laboratory because—

(i) cloning would take place within the privacy of a doctor-patient relationship;

(ii) the transfer of embryos to begin a pregnancy is a simple procedure; and

(iii) any government effort to prevent the transfer of an existing embryo, or to prevent birth once transfer has occurred would raise substantial moral, legal, and practical issues; and

(B) so, in order to be effective, a ban on human cloning must stop the cloning process at the beginning; and

(7) collaborative efforts to perform human cloning are conducted in ways that affect interstate and even international commerce, and the legal status of cloning will have a great impact on how biotechnology companies direct their resources for research and development.

(c) **PROHIBITION ON HUMAN CLONING.**—

(1) **IN GENERAL.**—Title 18, United States Code, is amended by inserting after chapter 15, the following:

"CHAPTER 16—HUMAN CLONING

"Sec.

"301. Definitions.

"302. Prohibition on human cloning.

"§ 301. Definitions

"In this chapter:

"(1) **HUMAN CLONING.**—The term 'human cloning' means human asexual reproduction, accomplished by introducing the nuclear material of a human somatic cell into a fertilized or unfertilized oocyte whose nucleus has been removed or inactivated to produce a living organism (at any stage of development) with a human or predominantly human genetic constitution.

"(2) **SOMATIC CELL.**—The term 'somatic cell' means a diploid cell (having a complete set of chromosomes) obtained or derived from a living or deceased human body at any stage of development.

"§ 302. Prohibition on human cloning

"(a) **IN GENERAL.**—It shall be unlawful for any person or entity, public or private, in or affecting interstate commerce—

"(1) to perform or attempt to perform human cloning;

"(2) to participate in an attempt to perform human cloning; or

"(3) to ship or receive the product of human cloning for any purpose.

"(b) **IMPORTATION.**—It shall be unlawful for any person or entity, public or private, to import the product of human cloning for any purpose.

"(c) **PENALTIES.**—

"(1) **IN GENERAL.**—Any person or entity that is convicted of violating any provision of this section shall be fined under this section or imprisoned not more than 10 years, or both.

"(2) **CIVIL PENALTY.**—Any person or entity that is convicted of violating any provision of this section shall be subject to, in the case of a violation that involves the derivation of a pecuniary gain, a civil penalty of not less than \$1,000,000 and not more than an amount equal to the amount of the gross gain multiplied by 2, if that amount is greater than \$1,000,000.

"(d) **SCIENTIFIC RESEARCH.**—Nothing in this section shall restrict areas of scientific research not specifically prohibited by this section, including research in the use of nuclear transfer or other cloning techniques to produce molecules, DNA, cells other than human embryos, tissues, organs, plants, or animals other than humans."

(2) **CLERICAL AMENDMENT.**—The table of chapters for part I of title 18, United States Code, is amended by inserting after the item relating to chapter 15 the following:

"16. Human Cloning 301".

(d) **SENSE OF CONGRESS.**—It is the sense of Congress that—

(1) the Federal Government should advocate for and join an international effort to prohibit human cloning, as defined in section 301 of title 18, United States Code, as added by this section; and

(2) the President should commission a study, to be conducted by the National Bioethics Advisory Commission or a successor group, of the arguments for and against the use of cloning to produce human embryos solely for research, which study should—

(A) include a discussion of the need (if any) for human cloning to produce medical advances, the ethical and legal aspects of human cloning, and the possible impact of any decision to permit human cloning for research upon efforts to prevent human cloning for reproductive purposes;

(B) include a review of new developments in cloning technology which may require that technical changes be made to subsection (c), to maintain the effectiveness of this section in prohibiting the asexual production of a new human organism that is genetically virtually identical to an existing or previously existing human being; and

(C) be submitted to Congress and the President for review not later than 5 years after the date of enactment of this Act.

SA 1156. Mr. BROWNBACK submitted an amendment intended to be proposed by him to the bill S. 723, to amend the Public Health Service Act to provide for human embryonic stem cell generation and research; which was referred to the Committee on Health, Education, Labor, and Pensions; as follows:

At the appropriate place, insert the following:

SEC. ____ . PROHIBITION ON THE CREATION OF HUMAN EMBRYOS FOR RESEARCH PURPOSES.

(a) **IN GENERAL.**—Title 18, United States Code, is amended by inserting after chapter 15 the following:

"CHAPTER 16—HUMAN EMBRYO CREATION

"Sec.

"301. Definition.

"302. Prohibition on the creation of human embryos for research purposes.

"§ 301. Definition

"In this chapter the term 'human embryo' includes any organism not protected as a human subject under part 46 of title 45, Code of Federal Regulations, as of the date of enactment of this chapter, that is derived by fertilization, parthenogenesis, cloning, or any other means from one or more human gametes or human diploid cells.

"§ 302. Prohibition on the creation of human embryos for research purposes

"(a) **IN GENERAL.**—It shall be unlawful for any person or entity, public or private, in or affecting interstate commerce to create a human embryo for research purposes.

"(b) **PENALTIES.**—

"(1) **IN GENERAL.**—Any person or entity that is convicted of violating any provision of this section shall be fined under this section or imprisoned not more than 10 years, or both.

"(2) **CIVIL PENALTY.**—Any person or entity that is convicted of violating any provision of this section shall be subject to, in the case of a violation that involves the derivation of a pecuniary gain, a civil penalty of not less than \$1,000,000 and not more than an amount equal to the amount of the gross gain multiplied by 2, if that amount is greater than \$1,000,000.

“(c) SCIENTIFIC RESEARCH.—Nothing in this section shall restrict areas of scientific research not specifically prohibited by this section.”.

(b) CLERICAL AMENDMENT.—The table of chapters for part I of title 18, United States Code, is amended by inserting after the item relating to chapter 15 the following:

“16. Human Embryo Creation 311”.

SA 1157. Mr. SMITH of New Hampshire (for himself, Mr. HARKIN, and Mr. HATCH) submitted an amendment intended to be proposed by him to the bill H.R. 2500, making appropriations for the Departments of Commerce, Justice, and State, the Judiciary, and related agencies for the fiscal year ending September 30, 2002, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, add the following:

SEC. . . None of the funds made available in this Act may be used by the Department of Justice or the Department of State to file a motion in any court opposing a civil action against any Japanese person or corporation for compensation or reparations in which the plaintiff alleges that, as an American prisoner of war during World War II, he or she was used as slave or forced labor.
